09-1034W, Brown Brindle Hair-On, Whole Hides

## Hair-On Whole Hides

Hair-on hides have become increasingly popular over the past several years as more and more items are being embellished with this attractive leather. From tack items to home décor items like rugs, pillows and craft projects, this leather adds a unique touch to a wide range of products. The brown brindle is the ultimate pattern to give you a great result on your hair-on hide projects. Chrome tanned for a soft, pliable leather. The hair is approximately 1/2" to 1" long and lays flat for a neat and clean appearance. The whole hide produces a great yield and allows you to easily make large cuts. TR selection is priced per square foot.
